

**Kewaunee Scientific
Announces the Appointment of a
New Vice President of Information Technology**

Exchange: NASDAQ (KEQU)

Contact: Thomas D. Hull III
704-871-3290

STATESVILLE, N.C. December 2, 2019 /PRNewswire / Kewaunee Scientific Corporation (NASDAQ: KEQU) today announced that Mandar Ranade has joined the Company as Vice President of Information Technology.

Mandar brings more than 20 years of experience to Kewaunee in developing and implementing information technology strategies. In this newly created position, Mandar will be responsible for leading the transformation of Kewaunee's information systems, modernizing the technology that supports Kewaunee's core business operations.

"I am excited for Mandar to join the Kewaunee team as our Vice President of Information Technology. I recognize that Kewaunee's information technology strategy and platform need to be enhanced and updated in order to best support the evolving needs of our business. I am looking forward to Mandar partnering with the rest of the Kewaunee management team to implement the enabling technologies required for Kewaunee to lead in the marketplace. Mandar has significant experience within the laboratory furniture and infrastructure industry as well as other companies that have been through similar technology modernization programs," said Thomas D. Hull III, President and Chief Executive Officer of Kewaunee Scientific.

Mr. Ranade has a Master of Business Administration, Finance, from the University of Leeds, Leeds, United Kingdom, and a Bachelor of Engineering, Polymers, from University of Pune, Pune, India. He also has certifications as a Project Management Professional, Certified Scrum Master, ITIL (Foundation) Certification and a Master of Oracle Applications.
