

**Kewaunee Scientific  
Announces the Appointment of a  
New Vice President of Manufacturing Operations**

Exchange: NASDAQ (KEQU)

Contact: David M. Rausch  
704-871-3274

STATESVILLE, N.C. May 2, 2016 /PRNewswire / Kewaunee Scientific Corporation (NASDAQ: KEQU) today announced that Michael G. Rok has joined the Company as Vice President of Manufacturing Operations. Mr. Rok replaces Keith D. Smith, who recently assumed the position of Director of Metal Plant Operations and Facilities. Mr. Rok will have responsibility for all of Kewaunee's domestic and international manufacturing operations. B. Sathyamurthy, the Managing Director of Kewaunee's International Operations, will continue to maintain day-to-day interaction with our India manufacturing team.

Mr. Rok has a Bachelor of Science degree in Mechanical Engineering Technology from the University of Pittsburgh at Johnstown, Pennsylvania. He served as a surface warfare officer in the United States Navy and received training at the Naval Nuclear Power School in Orlando, Florida prior to deployment to the Persian Gulf during Operation Desert Storm. He was awarded two Navy Achievement Medals for leadership shown during wartime.

Mr. Rok has been in various manufacturing positions throughout his career, most recently with Danaher Corporation, a global science and technology company. His most current position there was Vice President of Operations, North America, for the KaVo Kerr Group of Danaher.

"I am very excited to have Mike join our management team," said David M. Rausch, President and Chief Executive Officer of Kewaunee Scientific. "His background will prove invaluable to our overall manufacturing strategy initiatives as we move Kewaunee forward and continue to grow the Company worldwide. The Company is also very pleased to have Mr. Smith assuming the important strategic role of overseeing the Metal Plant and Domestic Facilities, both an integral part of the future success of the Corporation."

*About Kewaunee Scientific*
