Kewaunee is a leader in both environmentally friendly manufacturing techniques and in environmentally sensitive products. Since 2002, our Statesville, North Carolina manufacturing facilities have reduced VOC emissions 92%. Our EarthLine cabinet line and our Supreme Air LV fume hoods are designed specifically to reduce the impact on the environment and to contribute points to the US Green Building Council's LEED program. Kewaunee is a FSC Certified manufacturing facility. Our team works with designers and specifiers to select the casework and fume hood products that will provide the most eco-friendly solution for your lab project.

Kewaunee Scientific Corporation is dedicated to manufacturing high quality products for the laboratory marketplace. We offer **Total Laboratory Solutions, Innovative Designs, and Technological Expertise** with a worldwide distribution network to provide laboratories that are truly World Class.
